Presenting

The 1950 Oracle

of

TULLY CENTRAL SCHOOL

DEDICATION

We, the Junior Class of 1950, proudly dedicate this Oracle to two men who have served many years in aiding to improve the education system here in Tully.

To Mr. Leicester G. Green, our principal for the past twenty-five years. During his first years he taught regularly both in Latin and Mathematics. Since then he has gladly helped out whenever needed. In further years we shall remember him and recall much he has done.

To Mr. Cleveland J. Kenyon, who has served on the Board of Education from 1930 to 1949. The entire time of which he held the office of president.

We, of the Junior Class and the student body, wish to express both to Mr. Green and Mr. Kenyon our sincere appreciation and gratitude for all they have done for us and our school.

FORWARD

1950 – a half century of prcgress has wrought many changes in Tully's educational system! We should be rightly proud of our progressive school with its many modern conveniences.

Let us briefly go back fifty years and visit the Tully Union and High School of 1900. Headed by Mr. E. Stanley Martin, as principal, a faculty of seven made up the teaching staff for the grade and high school. A very limited number of subjects was taught, such as: Latin, modern languages, English, music, typewriting and shorthand. Along with these was the Tully Training Class, one of the four in the entire state. The students were proud of their new school building, with its modern coal heating system, with foot warmers in the hall. They also took great pleasure in riding their bicycles in the new basement, for here were provided two "Wheel Rooms," a boys'–and girls'.

Today, Tully Central School, with its faculty of thirty-four, offers us courses for college entrance and many vocations such as: business, agriculture, art, physical education, home economics, industrial arts, music and dramatics. Centralization has given the many students in this area new educational advantages. Thirty well lighted classrooms, a beautiful auditorium with a seating capacity of 600, and a well equipped gymnasium, have added to the pleasures of school life. Our student body is growing rapidly, and future years point to another new building, offering new learning experiences.

The class of '51 is proud of its school. We consider it a privilege to be living in this era. Fifty years of progress has provided for us unlimited educational opportunities.

SENIOR MEMOIRS

While rummaging through the attic I came upon a large trunk filled with memories of my school years. Upon opening the lid, my eyes fell upon an old photograph album. As I began to turn the pages, I found a picture of the Senior Class of 1950. Among the many faces, nine were present on that September day back in 1937. Namely they were: Jack Sherman, Stanley Edinger, Stanley Cornue, Dorothy Fisher, Catherine Foley, Bill Youngblood, Dick Herold, Pat Covey, and Connie Daley. The other twenty-six members were added throughout our school years, making an enrollment of thirty-five in our Senior year.

There was another photo, taken in our Junior year. As I recall, we elected Bill Youngblood as president and under the supervision of Mrs. Buzard and Mr. Lawson we had a busy year. Our outstanding activities were a magazine contest, the publication of the Oracle, and the Junior Prom. This proved to be a festive occasion; the theme—"Under the Sea."

On the last page of my album of senior memoirs was a picture of all thirty-five members of the class of 1950 in caps and gowns with Mrs. Austin, Mr. Allen and Mr. Owens.

As I recall that busy senior year I have pleasant memories of the many activities our class sponsored. I remembered that fall day of 1949 when each and everyone of us journeyed out to Dey's Studio to have his picture taken for the Oracle. During the year we had five round and square dances. And then of course, our highlight of the year, "The Senior Ball" which had as its theme "Winter Wonderland." This was held January 27 in the gym. Throughout the year we had numerous hot dog and candy sales, one indoor circus, two one-act plays, one three-act play from Cortland State Teachers College and a game party, sponsored for us by the Tully Rod and Gun Club. We also had three paper drives which helped us net the money needed for that long anticipated New York trip. We are grateful to the Otisco Grange for donating to us the proceeds of one of their dances. And to our Mothers we owe a vote of thanks for the card parties and other money-making activities that they sponsored in our behalf.

By the middle of May we had earned the money for our trip to New York. After participating in the Class Day Program a busload of Seniors shoved off for New York City. After we returned home we focused our attention on graduation. Scholastic honors for our class went to Donald Mapstone, valedictorian, and Jane Baker, salutatorian.

As I closed the album of Senior Memoirs, I thought of our class motto which I'm sure has been an inspiration to all its members. "The higher we rise, the broader the view."

SENIOR CLASS WILL

The 1950 Senior Class of Tully Central School, County of Onondaga, State of New York, United States of America, being of sound mind and body hereby publish our last will and testament:

First, our appreciation to Mr. Green and the Faculty for their unfaltering guidance during the past school years, and to Mrs. Austin, Mr. Owens, and Mr. Allen, for their help and guidance in making our Senior year a success.

To the Freshman Class: We leave a little of our meekness, for as you know it pays to be seen and not heard.

To the Sophomore Class: We proudly leave our spirit of youth which incidently should keep them from growing up too soon.

The following bequests, we hope you Juniors will accept as a token of our generosity and thoughtfulness:

Thelma Johnson leaves her ability to stay out of trouble to Doris Fitzpatrick. "Keep your nose in a book and you'll have no worries" is Thelma's motto.

Dick Hoefer can now junk his jeep because Leonard Seeley is leaving him his motor scooter. Smooth sailing, Dick.

Dick Herold signs over his last claims on Doris Smith to Don Doody. We know you aren't doing this willingly, Dick.

Barb Rice leaves a can of spinach to Irene Briggs. This will give you the ambition needed to ride the Motor Bicycle, Reenie.

Paul Hallinan leaves his "chevey" to Dick Green. Now you can travel to Navarino even though you can't get your brother's Oldsmobile.

We understand that a few of the Junior girls are apt to be wall flowers next year. As a result, Dick Hill and Bob Brown are leaving knitting needles and yarn to Ginny Ransom and Janet Usher. As you are sitting home and knitting those long evenings, you can always remember to be true, girls.

After a long debate, Don Mapstone has decided to leave a set of boxing gloves to Carol Carlton. Now when you get in the arguing mood, Carol, just start slugging.

Bill Bailey has decided to leave his car, and Bob Root, his bicycle, to Baker Drake. Now you can get around. We really don't hear enough from you, Baker.

Barb Carlton leaves her ability to hold one man to Sharon Herlihy. The secret, Sharon, is Barb's Motto "Semper Fidelis" (always faithful).

Ida Hobart leaves her place as woman orator,

to her sister Leola. It must be dull, leading such a quiet life, Leola.

Dorothy Fisher has decided to leave her Home Economic abilities to Pat Kinney. There's nothing like a good cook to catch a man, Pat.

Bill Youngblood has come to the aid of Dick Krom by leaving him a baseball bat. The bat is to serve two purposes. First, that you may become home run king; and second, to ward off the women! You have so many, Dick.

Shirley Austin is leaving her baby sitting ability to Bud Long. Now when you help Jane baby sit you'll know all the fine points, Bud.

Ellen Root and Catherine Foley are reluctantly giving up their positions on the girls' Senior Basketball Team to Betty Seeley and Leona Compton. Now you girls will win every game next year.

Joan Fox and Rita Gorny are leaving their dancing ability and night-life in Otisco to Ellen Cook and Karol Kirby. Have fun gals!

It isn't easy—but Connie Daley has decided to leave all her old love letters to Barbara Seeley. Now you can get some ideas of what to write to Bob, when he is out of school.

Stan Edinger is leaving his farming ability to Stan Banner and Pat Covey is leaving Elinor Tracy her Home Economic Talents. Don't you think she would make a good housewife, Stan?

Bill Beardsley is leaving his quiet manner, and ability to get along with teachers, and the talent of minding his own business to Warren Woods. Now you will go far, Warren.

Jack Sherman leaves his position as handy-man around the school, at working the wire recorder and movie projector, to Davey Venton. Polish a few apples, Davey; that's the way to get good marks.

You all know Jimmy Finlon is famous for his corny wise cracks, so he has decided to pass a few on to Dave White; also, a *good* joke book. It won't take long Dave. You too, can be the wit of the Senior Class!

Stanley Cornue has left his position on the basketball team to Clifford Brenchley. Practice up Cliff and you'll soon be a second Bill Gabor.

Alice Smith and Barb Ritch are leaving their roller skates to Janice Currie. Now you'll have an extra pair when Charlie takes you skating.

Donna Bardwell, Mariette Rindge, and Donna Aungier are leaving their secretarial abilities in business class to Delores Devine and Marion Henderson. We know you'll be busy next year, girls!

Jane Baker turns over her ability to get things done quickly and efficiently to Bob Hochreiter. This also includes homework, Bob.

Nancy Hillenbrand is leaving her artistic talents and title to "Old Maid" to Janet Kinne. Now you can really paint the town red, (without a man) Janet!

We, the aforesaid Class, do affix our signature and seal on this third day of April, one thousand nine hundred and fifty.

ALL FOR A PENNY

This whole episode happened on the Senior New York trip in May.

The Seniors of 1950 were gaily tripping down Fifth Avenue when one of their masterminds, Dick Herold, was suddenly hit by a brainstorm. He suggested that each and every member of the Senior Class get on one of those contraptions that not only gives your weight and a picture of a movie star, but also forecasts what's to become of you in the future. The Seniors were agreeable, and so off they went to a penny-weighing machine.

After a great deal of pushing and shoving and finally deciding that in this case ladies weren't first, Dick Herold jumped on, plunked in his penny and out came the first magic card. After reading it himself, he passed it to his bosom companions who read that son Dick will occupy the position which Dr. Albert Einstein now possesses. He will be a genius in the fields of science and math, but when it comes to women Dick will fail miserably.

Feeling a little wiser Dick jumps off and Pat Covey climbs on. Her card forecast was just what everyone expected. She will become a farmerette. No more will Pat be late, for every morning she must arise at 4:30 A. M. and help Skeelee milk the cows and feed the chickens.

Pushing Pat off, Bob Root clambers on, grabbed the card as it came out and found that he will be a famous Philanthropist (which is a person who goes about doing good.)

Smiling gaily, Bob turned over his spot on the magic machine to Donna Aungier. Donna closed her eyes, put in her penny, took her card and rushed to a dark corner. Finally, after much persuasion she disclosed the card that said, "You will be a famous pianist, movie and television star, and last but not least, a confirmed man-hater."

Deciding to save a penny, Joan Fox and Rita Gorney got on together and found that they will forsake all the men in Otisco, Vesper, Preble, and Apulia who are sparring for their hand in marriage to organize a spinster's club in West Overshoe.

Thinking he had waited long enough, Bill Youngblood, flicked his nose, massaged his hands together and stepped on. He found that the card that never lies forecasts that he will fulfill his ambition to become associated with criminals — as a criminal lawyer. It will be rather hard for Bill because he never liked to argue!!

Finding that slugs won't work Jim Finlon finally dropped in a penny and found that his future consists of trying to act dignified. When he reaches the age of ninety, Jim will finally decide to get married. To whom is still a mystery!

Again the economical Seniors tried to do two for the price of one and succeeded. Paul Hallinan and Bill Bailey were the victims this time. They discovered that eventually they will monopolize all of the tillable soil in Otisco, Vesper and Tully Valley, and become known as far as Skunk Hollow as excellent farmers.

Don Mapstone and Bob Brown finally succeeded in pushing Thelma Johnson on the scales. Thelma learned that she will have the honor of being a second Betty Grable. We all knew this by the ability Thelma showed in Tulcendra plays.

Next to step lightly on the scale was Shirley Austin. She daintily dropped in her penny and took her card. After reading that she will be the world's Champion Husband Getter, (her record will be nine) each at a different time, Shirley promptly fainted away.

After helping to revive Shirley, Bill Beardsley jumped on the scales to find that he will be the world's foremost oil tycoon after he discovers black gold in his own backyard on Clinton Street. When it happens Bill won't recognize it immediately for he will be digging for angleworms.

Next to catch a glimpse of her future through the magic cards is Jane Baker, who finds that before the age of twenty she will have earned the following degrees B.S., A.B., M.A., Ph.D., and a D.D.S. And also a B.C., the latter being a matrimonial degree.

Ralph Banner approached the magic machine rather doubtfully, but when he found that he would set the world's record for pushing a peanut with his nose down Salina Street, he immediately broke out with a grin which grew bigger when he learned that Dorothy was waiting at the end of the race with open arms. Ralph always was interested in Fishing!

Then Donna Bardwell stepped up to drop in her penny. "Dutch" found that she will be very happy in her position as a CHEF in the household of one, James Cook. Quite pleased with this forecast Donna cheerfully gives up her place on the magic machine to Bob Brown.

Bob discovered the horrible truth when he read the card that never lies. The card said that finally after getting up his nerve to "pop the question" to Janet, he will jilt her at the altar and run off with a bareback rider.

After waiting this long, energetic Barb Carlton stepped up, took her card, and read, "You will soon turn gray correcting Chemistry papers." Her husband, Neil is just too exhausted to correct his students' papers after a day of teaching. So the chore falls to Barb.

Next to plunk himself on the scales is Stanley Cornue, who discovered that he will journey to Europe where he will conquer a small country singlehanded, grow a small mustache, and become a second Adolf Hitler.

Then a fair damsel, Connie Daley, lightly tripped across the scales, stopping only long enough to take her card which read that after being fascinated by the entertainers in N. Y. C. she will come back to Tully and open a night club. This will be called "The Ratceller Club," where she will do her own impersonation of Gypsy Rose Lee.

Stanley Edinger was the next to shuffle up to the machine. After being shocked by his weight, he reads the magic forecast which states that after mooning over Nancy for forty years, he finally will resort to potato growing. Eventually he will set a record, in that field. He will grow a potato that weighs 350 pounds, and is the exact image of himself.

Elbowing her way through the throng Kate Foley finally reached the machine, grabbed her card, and learned that she will accompany Stanley Cornue on his European rampage, as his dietitian. The knowledge that Kate learned in Rochester will come in mighty handy when it comes to Stan's finicky appetite.

Next to obtain his card was Dick Hill, who finds that all his dreams will come true as he becomes a test pilot for the Jet planes. The only fly in the ointment is backseat driver—Ginny.

The card disclosed to Nancy Hillenbrand the fact that she will be the artist who designs advertisements for Gertie's galvanized girdles and razor blades.

Ida Hobart accepted her card from the magic machine and found herself a foreign missionary in deepest Africa teaching the natives to appreciate Brahms, Beethoven, Shakespeare, and Tolstoy. Ida will find it a bit difficult, since the natives won't understand English, but she insists they will be learning something useful in everyday living.

Finally Don Mapstone decided that it must be his turn. He dropped in his penny and extracted his card. Well, in a few years he will take over Al Cervi's player-coach position with the Nat's. When Don does this, we will find new supporters for the Nat's – Cheerleaders – Don, just had to find a place for Toot!

Then Barb Rice marched up to the wonderful machine. Barb found that since she has always loved Otisco Valley she will run a resort there. Of course the resort will be restricted – to eligible bachelors.

Etta Rindge snatched her card from the machine and – well' for Heaven's sake – the card that never lies said that after having played Bessie, Ethel, Gracie, and Sadie, Etta will win fame and fortune playing the part of Mary, from the poem, "Mary Had A Little Lamb."

Next, Barbara Ritch glided across the machine and found that she finally did make up her mind to marry Floyd. The only trouble was, Floyd got tired of waiting and left for South America. Barb will finally find him down on the Amazon River, where they will live happily ever after bringing up a lot of little tributaries.

Alice Smith wriggled onto the marvelous machine and found that she will marry Frank. Frank is so goodhearted that he will always be lending his trucks for Senior paper drives.

After being pushed away several times Ellen

Root finally got to the scales to learn that she will eventually join Connie in "The Ratceller Club." Ellen's act will be an Indian dance. She will be dressed in an orange and violet tent, which will contrast nicely with her hair.

The Seniors then made way for Leonard Seeley. Len discovered that he will win the world's championship for racing his motor skooter from Tully's four corners to Hollywood. It will be easy as Len will be the only contestant.

Only three more left and perhaps it's a good thing. The machine was getting rather wobbly. So Dot Fisher and Trudy Shute stepped up quickly to do two for a penny. Trudy and Dot found that they will run competition with Ellen and Connie. Trudy and Dot may have to go out of business because their club "The Milkdrinkers Delight" won't do too good a business except to the 1950 Seniors.

The Seniors then all pushed Jack Sherman on the rickety machine. Jack put in his penny and the machine wearily gave him his card which said that Jack shall become a great radio idol. His deep voice will have many a woman chasing him.

Just then, Dick Herold, told the Seniors to run before the machine collapsed, and run they did. Afterwards, they sent a letter to the owner telling him to send the bill to the Juniors. After all, they've got lots of money.

We, the class of 1951, have completed our third year in high school under the direction of Mrs. Buzard, Mr. Lawson and Mr. Wing.

At the beginning of the year we sponsored the annual magazine contest for the Junior Class, and our goal was set at twelve hundred dollars, which we succeeded in reaching. This record sale of magazines topped the record made by last year's Junior Class, and was the largest amount ever received by a Junior Class through the sale of magazines. This started our treasury out with over seven hundred dollars.

Our class did very well as far as dances and food sales were concerned. Especially our St. Patrick's dance, which increased our treasury by one hundred dollars. We also sponsored a paper drive and this also proved profitable for us, we netted ninety dollars on the first one held this year.

The annual Junior Prom was held on June 23 in the gymnasium. The music was furnished by Jack Kreischer and his Orchestra. The theme of the Prom this year was the "Secret Garden."

Under the supervision of Mrs. Buzard, the Pen and Ink Club has kept us posted on the latest happenings around school.

This year's Student Council of 29 members was very active, meeting on a weekly basis throughout the two terms. Headed by 12 standing committees, many valuable functions were carried on by this group. Prominent among the Council activities were: financial support for most of the activity clubs; organization of the Marshal system and for the first time a Student Court plan to handle violators of the Student Code; sponsorship of school projects, such as the Vienna Children's Crusade, Community Chest, Red Cross, and annual Class Day programs; providing chaperone and usher service for athletic events, and selection of outstanding students during the year for special awards.

This year's officers were: Robert Brown, President; William Youngblood, Vice-President; Doris Smith, Secretary; Richard Krom, Treasurer; Dolores Devine, Librarian, and Mr. Pearse, adviser. The Council was represented for the first time in a county-wide Student Council Conference, and also affiliated with the National Association of Student Councils.

Thirty-five members of the Tulcendra Club organized last fall under the direction of Mrs. Austin and elected the following officers:

President ---------- Donna Bardwell

Vice-President ---------- Stanley Edinger

Secretary-Treasurer ---------- Dorothy Fisher

Historian ---------- Virginia Ransom

Tryouts were held soon after organization and as a result twenty-four new members were admitted to the club.

During the year, meetings have been held at which time the new members studied make-up and stage technique. They have assisted throughout the year with the Christmas program and other grade and community entertainments.

From the proceeds of previous plays, the club purchased a new backdrop. Our old scenery also has a "new look" as some senior class members of Tulcendra painted it in their spare time.

Many of our members were in two Senior plays "Pardon My Ancestors" and "The Ins and Outs" which were presented to the student body in two assembly programs, and also before the P. T. A. members.

The spring found the club busily concentrating on the production of the three act comedy, "When I Was Green," by Guernsey LePelley. It was held on May 19 and 20 and proved to be a huge success.

The formal initiation will be held in June, followed by a picnic.

JUNIOR-SENIOR SPEECH TOURNAMENT

Tully's Fourteenth Annual Junior-Senior speaking contest was held in the school auditorium on Monday evening, February 20. This activity is a natural outgrowth of an original composition unit based on individual research in the school library. Carol Carlton and David White won first prizes, with Barbara Carlton and Davey Venton receiving the second awards. Professor Edward McEvoy from Syracuse University judged the contest and Mrs. Austin, Mr. Pearse, and Mr. Ferguson coached the contestants. The Radio Club reorganized this year under two new advisers, Mr. Owens and Mr. Pearse. Among the new projects attempted were a formal candle-light initiation ceremony, development of a theme song for use with each program, and a television program. Wire and live broadcasts were presented in assembly, including a humorous script survey reviewing highlights of T. C. S. since the last school year, some original student-written "take-offs" of current air shows and a serious dramatized appeal for support of the Children's Crusade to Vienna, Austria. The club was divided into three staffs representing acting, script-writing and technical effects, and as many as 35 students with speaking parts participated in one broadcast.

Standing: Mr. Stokoe, L. Long, D. Venton.

The Tully Band, under the direction of Mr. Stokoe, with President Janet Usher, Vice-President Bill Youngblood and Secretary-Treasurer Dick Hoefer, entered into many activities this year.

One of the first was the participation of two members, Irene Briggs playing flute and Richard Hoefer playing cornet, in the All-State Band program held at Canandaigua, N. Y. November 18 and 19.

Then the entire band played at the Junior-Senior Speaking Contest February 20, 1950, and the German band played for the Circus held by the Seniors in October.

For March 20, a scholarship ticket for an all Mozart concert which was held at Lincoln Auditorium, was presented by the Syracuse Symphony Society Inc. to Irene Briggs, who was selected as the outstanding music student of T. C. S.

Opportunity Night at T. C. S. proved to be entertaining with a trumpet trio and drum obligato with Bob Cornue, Bill Youngblood and Dick Hoefer playing trumpets and Davey Venton the drums.

The County Festival held at Syracuse University was a big event with the band participating and Irene Briggs' flute and Dick Green's trombone taking part in the All-County Band Concert.

A special assembly for the grades was presented with instrumental demonstrations given, and on May 12 and 13 the band entered the Spring Festival at Syracuse University. Also Music Night was June 9.

Many ensembles have appeared for grade programs, giving those not in the band a chance to perform.

Much time has been spent reading over recent band publications, with emphasis on improving sight reading facilities.

The band has worked very hard this year and feel that they have accomplished much under the excellent direction of Mr. Stokoe.

We, of the Senior Chorus, feel that our organization has made a great deal of progress during the past school year. Our Christmas program, which served as an accompaniment to the yearly Nativity Pageant, was presented by a group of eighty five voices of the Chorus, from the balcony of the high school auditorium. We grew so rapidly during the fall semester that we had to have try-outs to qualify for membership in January. Cutting the size of our organization was necessary in order that we might participate in spring festivals and other activities that would require bus transportation.

Our spring performances consisted of singing at the County and State Festivals, both held in Syracuse this year, and of offering our regular Spring Concert. Other Activities in which a part of our group participated were the All-State Sectional Chorus at Canandaigua, N. Y., and the All-County Chorus at Syracuse. Our new male double quartet, which appeared several times this year, was organized as a result of spontaneous interest from some of the boys in our group.

All in all, we have had a very successful year, with marked growth in number, interest, enthusiasm and general ability. We are anticipating as much or more participation and interest next year.

Early in the spring our chapter planned its Annual Father and Son Banquet which is usually the highlight of the year for the Future Farmer group. Following were two movies. This year our seed sales exceeded $1,200. At the present set-up the club keeps the sales competitive by awarding $7 toward a week at F. F. A. Camp to the member getting the highest number of sales and $7 toward a week at F. F. A. Camp to the member getting the highest number of individual orders.

Our sales this year have been great from pencils, popcorn and seeds. Donald Doody was given $10, as a representative, to attend the state meeting at Waverly, Roy King was picked as the alternate. At the annual National F. F. A. convention our chapter was represented by two boys, Paul Hallinan and Stanley Edinger, by the F. F. A. of Tully Central School. Proceeds of one popcorn sale was given to the F. F. A. camp. Also $100 was won by Francis Fitzpatrick for the best jingle, which was given to the F. F. A.

Our membership this year consists of 16 old members and 11 new members. Many of the boys attended Cornell Farm and Home Week at Ithaca. Our new members were initiated in full form according to the official ritual of the National Organization.

An outgrowth of last year's Student Council planning, T. C. S. had marshals in the Junior-Senior High School this year after a lapse of two years. Four marshals were on duty at all times between classes, and were authorized to hand out traffic tickets and have offenders brought before the Student Court. Marshals were chosen from lists of volunteers, by members of the Student Council. Student cooperation helped the marshals to improve traffic order with improved effectiveness after the plan was put into operation.

This year we increased the cheerleading squad to eleven members. The seven girls left from last year took over for the football season and became varsity cheerleaders, increasing the varsity by adding Doris Smith, Carol Carlton, Janet Usher, Virginia Ransom to Donna Aungier, Barbara Carlton, Pat Covey.

The four new Junior Varsity cheerleaders were chosen by the Faculty members from fifteen candidates. Those are Betty Aungier, Irene Briggs, Carolyn Herold, Betty Seeley.

The Varsity cheerleaders made new uniforms this year. They were in competition for the first time with the other cheerleaders of the league. After every game each squad had secret ballots and voted on the opposing squad. The school with the most number of votes receives a cup.
